Registering a user account allows you to sync your library, participate in groups, or post to the support forums. If you previously had a forum account, it was automatically converted into a Zotero account and you don't need to register again.

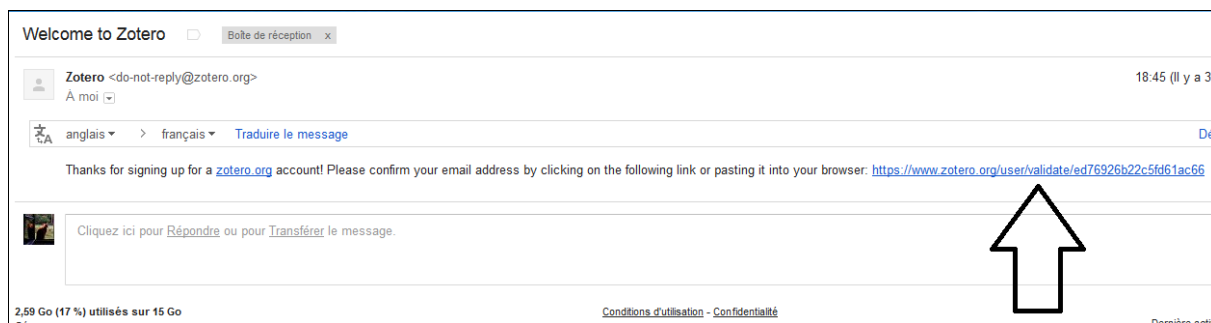

Lorsque Zotero a enregistré votre compte, la fenêtre suivante apparaît :

Il faut alors se rendre sur la messagerie que vous avez indiqué en remplissant le formulaire. Un mél. de bienvenue Zotero vous y attend :

Il contient un lien sur lequel il faut cliquer pour activer le compte :

Une nouvelle fenêtre s'ouvre pour vous donner accès à Zotero et de nouvelles instructions pour paramétrer votre compte :

The screenshot shows the Zotero website interface. At the top left is the 'zotero' logo. To the right are links for 'Log In' and 'Register', and a blue 'Upgrade Storage' button. Below the logo is a navigation menu with 'Home', 'Groups', 'People', 'Documentation', 'Forums', and 'Get Involved'. A search bar is also present. The main content area has a green banner that says 'Success'. Below this is the heading 'Email Validation'. The text reads: 'Success! You registered your zotero.org account. You may now login to your account.' This is followed by the instruction: 'Now add your username and password to your preferences'. Below this, it says: 'To finish setting up Zotero you need to follow these three steps to add your password to your Zotero preferences.' The first step is '1. Open Zotero', with the instruction: 'Click on the Zotero icon in the Firefox toolbar, or open the Zotero Standalone application.' At the bottom of the screenshot, a portion of a Firefox toolbar is visible, showing icons for star, list, download, home, back, a Zotero icon (a stylized 'Z' in a square), a speech bubble, and a hamburger menu icon.
